# RAMSEY COUNTY COMPREHENSIVE FEE REPORT

## **Background**

The County Board has authority to set fees, subject to limitations provided by law, per Section 2.02 of the Home Rule Charter. The Board reviews and approves fee increases as part of the annual budget process. Fees that require Board approval and/or a public hearing are considered at that time. This process facilitates an annual review of fees, one public hearing, publication and notice, and a time certain opportunity for public comment. It also clearly links the estimated revenue from fees to the Proposed Budget. Fees set by Statute are not approved through this process and only fees with proposed increases have been included in the past. Occasionally, approval of fee increases may be requested during the year, outside the budget process, because of unforeseen changes.

2016 and 2017 Proposed fee increases were discussed at the Budget hearing of August 11, 2015. Charges for Services Revenue financed 20.6% of the County budget in 2015 and will finance 20.5% of the Approved Budget in 2016 and 20.7% of the Approved Budget in 2017. This is based on the budget as approved by the County Board on December 15, 2015.

## **Fee Policy**

The County attempts to minimize property tax requirements through aggressive use of non-property tax revenues available from user fees. The County establishes user charges and fees when appropriate and direct benefits are identifiable. Fees are set at a level related to the cost of providing the service or otherwise legally allowable. The cost of providing services includes both direct and indirect costs. In some cases, fees are also sensitive to the market for similar services.

## **Ramsey County Comprehensive Fee Schedule (Pages 1- 97)**

The attached schedule lists all fees departments charge for services and for licenses and permits. The 2016 - 2017 fees as approved are shown. Also included are the increases/decreases from 2015 to 2016 and the increases from 2016 to 2017. For each fee, noted is who has fee determination authority; County Board (CB), State Statute (SS), State Agency rule/regulation, etc. and the last date that the fee changed.

A ten lane firearms range was included in the construction of the Law Enforcement Center to be used by the East Metro. Through the Joint Powers Agreement for Financing and Use of Public Safety Training Facility at the Law Enforcement Center, the Washington County Sheriff and the Ramsey County Sheriff developed a Training Operations Agreement. The purpose of the agreement was to detail the day-to-day operations of the Training Facility. Included in the Training Operations Agreement was a fee to be charged to users of the facility to cover related operating costs.
