

HealthPartners Dental Custom Tiered Benefits Chart

Effective Date: The later of the effective date, or most recent anniversary date, of the Master Group Contract and your effective date of coverage under the Master Group Contract.

HealthPartners agrees to cover the dental services described below. This Benefits Chart describes the level of payment that applies for each of the covered services. To be covered, dental services or items described below must be dentally necessary. The date of the services must be while you are enrolled in the plan.

Coverage for eligible services is subject to the exclusions, limitations and other conditions of this Benefits Chart and the Group Membership Contract.

See the Membership Contract for additional information about covered services and limitations.

This dental plan allows you to choose, at any time, dentists within the HealthPartners Distinctions Dental Network (Network Benefits) or dentists outside of the network (Non-Network Benefits).

The amount that we pay for covered services is listed below. The member is responsible for the specified dollar amount and/or percentage of charges that we do not pay.

When you use Non-Network providers, benefits may be substantially reduced and you may incur significantly higher out-of-pocket expenses. A Non-Network provider does not usually have an agreement with HealthPartners to provide services at a discounted fee. In addition, Non-Network Benefits are restricted to our maximum amount allowed. Our maximum amount allowed can be significantly lower than a Non-Network provider's billed charges. If the Non-Network provider's billed charges are over our maximum amount allowed, you pay the difference, in addition to any required deductible, copayment and/or coinsurance.

In addition, network providers are divided into three levels. Your coinsurance under the Network Benefits may vary, depending on what benefit level applies to your network provider. Benefit levels are shown below under the Network Benefits. See your provider directory to see what level applies to each network provider.

Network Benefits are underwritten by HealthPartners. Non-Network Benefits are underwritten by HealthPartners Insurance Company.

These definitions apply to the Benefits Chart. They also apply to the Contract.

Charge: For covered services delivered by participating network providers, is the provider's negotiated charge for a given dental/surgical service, procedure or item, which network providers have agreed to accept as payment in full.

For covered services delivered by non-network providers, is the provider's charge for a given dental/surgical service, procedure or item, up to our maximum amount allowed for that service, procedure or item.

Our maximum amount allowed is the usual and customary charge for a given dental/surgical service, procedure or item. It is consistent with the charge of other providers of a given service or item in the same region.

To be covered, a charge must be incurred on or after the member's effective date and on or before the termination date. For participating network provider charges, the amount of the copayment or coinsurance, or the amount applied to the deductible, is based on the agreed fee applicable to the network provider, or a reasonable estimate of the cost according to a fee schedule equivalent. For non-network provider charges, the amount considered as a copayment or coinsurance, or the amount applied to the deductible, is based on the lesser of the billed charge and our maximum amount allowed.

Copayment/Coinsurance: The specified dollar amount, or percentage, of charges incurred for covered services, which we do not pay, but which a member must pay, each time a member receives certain dental services, procedures or items. Our payment for those covered services or items begins after the copayment or coinsurance is satisfied. Covered services or items requiring a copayment or coinsurance are specified in this Benefits Chart. For participating network provider charges, the amount considered as a copayment or coinsurance is based on the agreed fee applicable to the network provider, or a reasonable estimate of the cost according to a fee schedule equivalent. For non-network provider charges, the amount considered as a copayment or coinsurance is based on the lesser of the billed charge and our maximum amount allowed. A copayment or coinsurance is due at the time a service is rendered, or when billed by the provider.

Deductible: The specified dollar amount of charges incurred for covered services, which we do not pay, but a member or a family has to pay first in a calendar year. Our payment for those services or items begins after the deductible is satisfied. If you have a family deductible, each individual family member may only contribute up to the individual deductible amount toward the family deductible. An individual's copayments and coinsurance do not apply toward the family deductible. The amount of the charges that apply to the deductible are based on (1) the agreed fee applicable to the network provider, or a reasonable estimate of the cost according to a fee schedule equivalent; or (2) the lesser of the billed charge and our maximum amount allowed for the non-network provider. The Benefits Chart indicates which covered services are not subject to the deductible.

Individual Calendar Year Maximum Benefit: The specified coverage limit paid for all charges combined and actually paid by us for a member under that coverage. Our payment ceases for that member, when that limit is reached. The member has to pay for subsequent charges in that year. The charges incurred for Orthodontic Services do not apply to the Individual Calendar Year Maximum Benefit.

Benefits shown below for certain providers apply only when you have selected those providers.

Deductibles, limits and maximums shown below are combined under your Network Benefits and Non-Network Benefits.
