

2020 Proposed State Bonding Projects Discussion

June 11th, 2019

Background and Next Steps

- MN Management and Budget's process for reviewing local bonding projects has begun and submissions are due June 15th.
- Recommendation is to have 4 categories: Environment and Natural Resources, Transportation, Economic Development and Culture/Recreation.
- **Next Steps:** We will bring forward one RBA for all the projects in early July. The RBA will be a resolution of support for the projects, and cover racial equity impacts, community engagement background on each project. This will be submitted to MMB with projects.

Next Steps

- **Next Steps:** We will bring forward one RBA for all the projects in early July. The RBA will act as a resolution of support, and include additional context for each project, as well as the racial equity impacts and community engagement background for each project. This will be submitted to MMB as background to Ramsey County's projects.
- **Reminder:** This is one of first steps in the development of the 2020 legislative priorities. We will work to bring this work forward earlier in future years.
