AskCountyAssessor@co.ramsey.mn.us

March 25, 2016

Dear Ramsey County Community,

We are respectfully submitting the 2016 Payable 2017 Ramsey County Assessor's Report.

The valuation notices mailed to each Ramsey County property owner on March 11, 2016 included the assessor's proposed 2016 estimated market value, the proposed taxable market value, and the proposed property classification for 2016 payable 2017.

Market conditions continue to recover and we are now seeing positive value trends that vary by market areas of the county and by property value and property type. Residential value growth accelerated this past year. Commercial and apartment property values generally experienced greater appreciation than in the 1-3 unit residential property values.

Total growth in the 2016 assessed value of Ramsey County real property was \$2.64 billion, with \$1.38 billion of the growth in value coming from residential property. The total assessed estimated market value of Ramsey County property for 2016, taxes payable 2017, is \$45.71 billion, up from last year's \$43.08 billion (not-including personal property, utilities and railroad). The total countywide increase in market value of \$2.64 billion, included \$453.9 million of value from new construction. Growth in 2015 in many areas of Ramsey County was greater than it was in 2014. Differences in the increases in value between the three major property classes will likely lead to some tax shifting from residential to apartment, commercial and industrial property in 2017.

The Homestead Market Value Exclusion benefits most homesteaded residential property in Ramsey County, but it also continues to exaggerate the impact of rising property values on residential property taxes. Due to the nature of the homestead benefit, which declines as the value rises, many homestead property owners are experiencing a greater increase in taxable market value than in their estimated market value. This pattern is established by law and is not scheduled to change.

2016 Assessment

The percentage changes in 2016 aggregate value by property class for the City of St. Paul, and for all the suburbs taken together and countywide are as follows:

	<u>Overall</u>	<u>Residential</u>	Commercial/Industrial	<u>Apartments</u>
City of Saint Paul	+7.3%	+4.9%	+5.8%	+21.2%
Suburban Ramsey	+5.1%	+4.3%	+2.6%	+17.9%
Countywide	+6.1%	+4.6%	+4.0%	+19.9%

Median Values for 2015 and 2016 are as follows:

			<u>Residential</u>	Commercial/Industrial	<u>Apartments</u>
City of Saint Paul	-	2015	\$149,900	\$372,150	\$531,000
City of Saint Paul	-	2016	\$159,400	\$397,100	\$650,950
Suburban Ramsey	_	2015	\$198,800	\$733,200	\$1,037,350
Suburban Ramsey	_	2016	\$208,100	\$772,200	\$1,255,700
Countywide	_	2015	\$177,700	\$482,800	\$602,000
Countywide		2016	\$186,700	\$513,100	\$723,600

Residential Market Summary

Ramsey County experienced a solid real estate market in 2015. According to Northstar MLS, median sale price for Ramsey County at the end of 2015 was \$188,000, up from \$177,000 at 2014 year end. With the lowest rate of unemployment of any major metro area, positive factors such as wage increases, attractive rates, and rising rental rates should continue to provide expanded opportunities for home ownership.

Current and recent market dynamics featuring low supply and high demand are resulting in increasing sale prices and market values. Foreclosures and short sales in Ramsey County continue to fall. Ramsey County foreclosures in 2015 totaled 714, a nine year low, and a reduction of 75% from the 2008 peak.

Median values of single family homes increased most dramatically in the North End, Daytons Bluff, East Side, Payne-Phalen and Thomas Dale neighborhoods in St. Paul. In the suburbs, most dramatic value increases were in the cities of North Saint Paul, White Bear Lake, Shoreview, Roseville, and Maplewood. The most active markets for single family homes were Hamline-Midway and Macalester-Groveland in St Paul, and Arden Hills and Shoreview in the suburbs.

The townhomes and condos market continue to show steady growth in value and strong sale volume. Townhomes in the North End, Falcon Heights, Roseville and Shoreview had the largest percentage increase in median value. Condos on the East Side, North End, Arden Hills, Moundsview, St. Anthony and Vadnais Heights had the largest percentage increase in median value.

Ramsey County new home construction in 2015 was again strong, continuing the strength evidenced in 2014. Some notable developments are Rapp Farm and Charley Lake Preserve in North Oaks, the Autumn Meadows Development in Shoreview and the Pulte Enclave Development in New Brighton. The assessor's office continues to actively track all market activity and will continue to follow the prices determined by the market in 2016 for our 2017 assessment.

Commercial Market Summary

Office – With a trend to placing more employees in less space, companies are increasingly focused on office locations served by mass transit to resolve parking challenges, and this trend is beginning to be felt in areas of Saint Paul, both downtown and along the LRT Green Line. The recent trend of shared office space in some urban areas has yet to fully take hold in Saint Paul, but some recent speculative building purchases of older properties along the Green Line suggest that may soon change.

Many areas of Ramsey County are still experiencing a soft office market, with persistently high vacancies, and no rent growth. This situation has recently been evidenced by the sales of a few notable large corporate campuses in the east metro at lower than anticipated prices. However, the medical office market continues to show strength, and remains strong.

Retail – The bright spot of the retail market continues to be grocery-anchored centers and well located community and neighborhood centers. Several new grocers have entered the Twin Cities market and are aggressively competing for sites, and others are expanding. This includes a redeveloped Cub Foods store in White Bear Lake, and the announcement of a new Kowalski's location at the former Rainbow Foods site in Shoreview. This bodes well for larger retail sites that may be ripe for redevelopment. The recently announced addition of a Von Maur department store to Rosedale will likely cause a ripple effect of additional development, re-tenanting and other improvements at the mall and the surrounding area. Although certain retail nodes continue to struggle, there are many more positive signs than negative for the retail property market in both the City of St. Paul and the suburban areas.

Industrial – The industrial market continues to gain strength in Ramsey County. As in recent years, market demand remains particularly strong for newer facilities with modern amenities. Also, because of the central location Ramsey County enjoys, the market for truck terminals and distribution facilities has demonstrated strength, as well as the market for mini-storage facilities. The latter is demonstrated by the conversion of the former HOM furniture outlet in Roseville to a mini-storage facility.

Although certain segments of the industrial market are still experiencing weak market fundamentals, there is continued optimism with the trend of converting former unused industrial and warehouse space to new uses, from office space to gym space, to new tap rooms in former factory and warehouse space.

Apartment – The Ramsey County apartment market remains very solid, with increasing rents, continued record low vacancy, new development and strong investor interest. Unlike the other three market segments, the strength of the apartment market is virtually across the board, for almost all locations and property types.

In addition to the many apartment projects either recently completed or in the works in the City of Saint Paul, including the Custom House downtown, Hamline Station on the Green Line, and construction beginning at the former Seven Corners Hardware site. New development is also gaining momentum in Ramsey County's suburban areas, with projects either recently completed or in the works in Arden Hills, White Bear Lake, Vadnais Heights and Shoreview.

Revaluation Activities

Once again, we will have appraisers out reviewing one-fifth of the properties in the county again this year, so don't be surprised if you have a visit from one of our staff appraisers. Thank you in advance for your cooperation with our appraisers as they perform their work and encourage you to allow them to review the entire property. Our appraisers will always have Ramsey County identification as well as records describing your property.

If you would like additional information about this years' assessment, please call or email. We are happy to provide you any available information you feel might be helpful.

Our office may be reached at 266-2131 or by email at: AskCountyAssessor@co.ramsey.mn.us

Our website address is: www.ramseycounty.us/property

Sincerely,

Stephen L. Baker
